

# Dance Club Intensive Reflection

# How the funding was used

- Los Angeles is only second to New York as the dance capital of the U.S. This was helpful for us to get a glimpse of what the life of a professional dancer might look like, more so than what we can experience in Utah
- We spent three of our four days in LA at Millennium Dance Complex, a prestigious dance studio with a variety of styles taught
- This was a great growth experience, it showed us that we could hang with the LA dancers and gave us a look into the rich and diverse dance community they have
- This experience was also really great for us to bond as a company and get to know each other on a more personal level

- We got dinner all together at the cheesecake factory on the last night!
- Overall such a cool trip that we were all so grateful to have been able to experience
