

With Concurrent Enrollment, high school students take college classes to earn both high school and college credit. General education classes are recommended because they're required for graduation and transferable from one college to another.

- Select one class from each general education category.** Look for the institution your high school partners with for CE. **NOTE:** There are many classes in each breadth category which may be substituted for those listed here. Ask a campus advisor if the class will "transfer as equivalent credit" to the institution you wish to attend.
- Speak with an expert about class options.** For advice choosing a class, ask an academic advisor, preferably from the campus you intend to enroll after high school. An advisor can recommend classes that fit educational goals and ensure the class is part of a pre-major pathway. Campus advisor contact information is listed on the next page.
