

BE A VITAL PART OF SOMETHING BIGGER

Join Fresenius Kidney Care as a Patient Care Technician.

As a Patient Care Technician (PCT) with Fresenius Kidney Care, you will make a difference in patients' lives every day. Our PCT position offers hands-on job training, the opportunity to develop lasting relationships with patients, paid training, professional development, and defined career advancement opportunities. You will drive the Fresenius Kidney Care culture through values, customer service standards, and patient safety.

What are the benefits to joining Fresenius Kidney Care as a PCT?

- Best-in-class training through Fresenius Kidney Care's 12-week Progressive Renal Education Program (PREP)
- \$1,000 sign-on bonus at 90 days for graduates of accredited dialysis technician programs
- \$1,500 bonus upon Certified Clinical Hemodialysis Technician (CCHT) credentialing
- Flexible scheduling
- A defined career advancement program
- Health benefits and PTO accrual beginning after 30 days of employment
- 401(k) and retirement savings with a company match of 50 cents for each dollar you save up to the first 6% of your salary
- Outstanding perks such as adoption assistance, parental leave, and corporate discounts on fitness programs, cell phones carriers, and cars
- Access to our RN Tuition Assistance Program, offering tuition reimbursement up to \$5,250 a year toward your first RN degree

Visit us on campus or [meet us virtually](#) to learn how you can put your education to work helping patients thrive.

Curious what a day in the life looks like?
