Dear Human I Love,

I can't stop thinking about you! You are on my mind constantly and I love it. When we're together I am so perfectly happy and when we're apart you are all I think about and I wonder what you are doing and anticipate your return like it's been a week, even if it's been just ten minutes! You are the best caretaker on the planet! I am happy and fortunate and fulfilled because of you.

I have a purpose and life has meaning and our play times together are the highlight of every day! You lovingly tend to my every need and I understand you are just taking extra good care of me at my vet appointments, even though I like to play it up a little that I'm scared--I love the snacks and kisses and kind voices and soft hands of my veterinary staff!

Thank you for my nice warm home, soft bed, all of my toys, that special egg on Sundays, walks in the sun--I am so happy to be your pet! And you are mine! What a divine connection! If I go to the land of rainbows before you, I will save the best spot for us to be united again. You know I'll dream about you and think about you all the time there, too!

I could gush about you forever because you are the reason I am so happy and confident and filled to the brim. Never change. You are perfect, even if you are told to cut down on my treats. I love you my human, now and forever.

Yours Truly.
