Dental Hygiene
Creating healthy smiles.

WHY SLCC?
Students receive affordable and comprehensive higher education from faculty who hold a bachelor’s, master’s or doctorate degree. Our small class size promotes individualized attention and peer collaboration. Licensed dental hygienists and dentists supervise the clinical experiences in an innovative on-site dental hygiene clinic. Upon graduation, students may utilize the statewide transfer agreement to attend Utah’s four-year colleges for completion of a bachelor’s degree.

A dental hygienist is a licensed oral healthcare provider who focuses on preventing and treating oral diseases in order to promote optimal oral health and total wellness. This career path opens a world of professional opportunities including clinical, administrative, public health, government, education, research and international service.

Graduates earn an Associate of Applied Science (AAS) degree and are eligible to take national and regional boards required for licensure.

The Salt Lake Community College/Division of Allied Health, Jordan Campus, Dental Hygiene program is accredited by the Commission on Dental Accreditation (CODA).

CODA is the specialized accrediting agency recognized by the United States Department of Education to accredit programs that provide basic preparation for licensure or certification in dentistry and the related disciplines.

*Disclaimer: Although every attempt is made to make sure information on this sheet is correct, information is subject to change. Please consult the website for the latest information.
ADMISSION PROCESS
• All applicants must be at least 18 years of age.
• Candidate must be admitted as an SLCC matriculated student.
• Student must be a high school graduate or equivalent.
• Request an official evaluation of student’s transcripts and submit to the SLCC Incoming Transcript Office, if applicable.
• For transfer credit, submit official sealed transcripts for all colleges where prerequisite courses were completed.
• Application information including prerequisites, transcripts and Health Sciences pre-admissions exam can be found at: sicc.edu/hs/admissions

PREREQUISITES
Prerequisite courses can be in progress when submitting an application. Final grades will be checked at the end of the Spring semester with the noted grade requirements/conditions:
• BIOL 2060/2065 Microbiology Lecture/Lab (4)
• BIOL 2320/2325 Human Anatomy Lecture/Lab (4)
• BIOL 2420/2425 Human Physiology Lecture/Lab (4)
• CHEM 1110/1115 Elementary Chemistry Lecture/Lab (5)
• ENGL 1010 Intro to Writing (EN) (3)
• MATH 1010 Integrated Algebra (QS) (4), Math 1040 or Higher (QL) (3)
• COMM 1010 Elements of Effective Comm (CM, IN) (3)
• HLTH 1020 Foundations of Nutrition (3)
• SOC 1010 Intro to Sociology (SS) (3)
• PSY 1010 Intro to Psych (SS) (3), or PSY 1100 (SS) (3)

All BIOL and CHEM courses must be completed with a minimum grade of C+ or better and within the past 5 years. All other prerequisite courses listed must be completed with a minimum grade of C or better.

THE CURRICULUM
The AAS Degree program is a 64-week program consisting of 4 semesters for the duration of 16 weeks per semester. The program requires full-time attendance, Monday through Friday (no classes are held in the summer). Students are under direct supervision of Registered Dental Hygienists and licensed Dentists during the clinical experience. Students are expected to participate in external clinical rotations and community service projects. Students who graduate will accrue a minimum of 89 credits.

ADDITIONAL INFORMATION
• Admission into the Dental Hygiene program is selective for student retention.
• All students must maintain minimum grades in all required courses.
• One cohort of 24 students is admitted every fall semester.
• The curriculum and course requirements may be academically rigorous.
• There is no advanced placement.
• The nature of a dental hygiene practice requires prolonged sustained seated posture and repetitive arm and wrist movements.
• Accepted students must meet with the Dental Hygiene program advisor. Call 801-957-6215 to schedule an appointment.
• Acceptance or completion of the program does not guarantee licensure as a Dental Hygienist. Upon successful program completion, students are eligible to take required national and regional board exams.
• Students may come in contact with blood-borne pathogens and infectious diseases and all students in the Dental Hygiene program must follow proper OSHA procedures and practice universal precautions.
• Community service is an essential component of the Dental Hygiene program and all students are required to participate.
• Once granted acceptance into the Dental Hygiene program, a non-refundable deposit of $2,500 for instruments is required to hold the seat.
• Accepted students are required to attend the mandatory new student orientation day.
