

ABOUT SLCC

Under the direction of President Cynthia A. Bioteau, Salt Lake Community College is an accredited, multi-campus college serving the diverse needs of the Salt Lake City community. With an open-door enrollment policy, the College serves more than 60,000 students through credit and non-credit courses and workshops each year, making it the largest institution of higher education in Utah.

To accommodate student needs, SLCC has three full-service campuses: South City, Taylorsville Redwood and Jordan; eleven teaching centers located throughout the Salt Lake Valley and an eCampus for distance learning. Courses are offered in both traditional and accelerated semesters, during the day, at night and on weekends. Even in the face of dramatically increasing student enrollments, SLCC has preserved its personal feel by maintaining a student-to-faculty ratio of just to 20 to 1.

PRESIDENT'S MESSAGE

Salt Lake Community College is a public, open-access, comprehensive community college committed to serving the broader community. Serving more students each year than any other institution of higher education in the State of Utah, SLCC educates and trains over 60,000 students through SLCC Online and at 14 locations conveniently situated across the Salt Lake Valley. As a comprehensive community college, we prepare students in our community - no matter where they are in their academic or career path - to carry the necessary skills with them to the workforce so that our Utah businesses remain healthy and competitive.

SLCC's Facilities Master Plan 2008-2028 is a blueprint for future progress. It is based on deliberate strategic planning, and has been developed in a highly interactive, collaborative process with the assistance of a team of knowledgeable consultants including: ajc architects, SRG Partnership Inc, Wikstrom Economic and Planning Consultants, Inc., Landmark Design and Stanley Consultants.

Through a multiple-month process, using data-driven methodology, and with broad and inclusive input from SLCC stakeholders including students, faculty, staff, administrators and community partners, this plan was developed to guide ongoing development across the College and enhance our institutional mission. This Facilities Master Plan 2008-2028 builds upon SLCC's resources and provides a flexible road map for long-term growth.

Dr. Cynthia A. Bioteau, Ph.D.
President, Salt Lake Community College

MISSION & VISION

SLCC Mission

Salt Lake Community College is a public, open-access, comprehensive community college committed to serving the broader community. Its mission is to provide quality higher education and lifelong learning to people of diverse cultures, abilities and ages, and to serve the needs of community and government agencies, business, industry and other employers.

ABOUT SLCC

SLCC Vision

Salt Lake Community College will be the premier comprehensive community college in the nation.
