VA

Information current at time of printing.

Completion of this program will prepare you to take the CompTIA A+ certification test. A+ certification is an international industry credential that validates the knowledge of computer service technicians with the equivalent of 500 hours of hands-on experience. Major hardware and software vendors, distributors and resellers accept CompTia A+ as the standard in foundation-level, vendor-neutral certification for service technicians. Earning CompTIA A+ certification shows that you have a broad base of knowledge and competency in core hardware and operating system technologies including installation, configuration, diagnosing, preventive maintenance and basic networking.
