#### Choose one:

KPDR 0320 Local Driving Externship	40
KPDR 0330 Extended Driving Exper.	40

**Total Program Hours 280**

## Professional Truck Driving

The Professional Truck Driving Department offers a variety of training options for students wishing to work in the transportation industry.

### 160-Hour Program Certificate

This shorter program is designed for people who have had experience driving professionally in the past (Class A or B license) and/or who have obtained their CDL learner's permit. Instruction includes introduction to professional driving, vehicle inspection on tractor and trailers, over-the-road instruction, control systems and maneuvering skills, and safety.

### 280-Hour Program Certificate

With this option, students begin by studying for the CDL written test needed to obtain a Commercial Driver's License (CDL) learner's permit. Once the learner's permit is obtained, the student receives further classroom, shop and lab instruction, which introduces them to the vehicle and trailer inspections and minor repairs. Students receive intensive behind-the-wheel instruction including backing skills, safety, and extreme driving conditions. An integral part of this instruction is the life skills component, which introduces students to life on the road and map reading.
