

Advanced Aviation Reno, Inc.  
www.advancedaviationreno.com  
Job Title: A&P Mechanic  
Type: Full Time/Permanent  
Availability: Immediately  
US Work Authorization: Required

We are looking for a qualified A&P Mechanic with 3 years minimum experience (Preferably on General Aviation Aircraft) to join our small but friendly team. We are located on the East side of the Reno-Tahoe International airport and primarily work on General Aviation aircraft- everything from Cessna 172's up to Beech 55's and C421's. We also maintain our flight school aircraft to the highest standard on a regular basis. Our Avionics department is rapidly growing as well, so someone that feels comfortable assisting with avionics installs from time to time by running wires or installing engine monitoring sensors would be ideal.

We offer Health insurance after a short probationary period and the employer pays 75% of the insurance premium which can include Vision and Dental. We also offer 1 week of paid vacation after 1 year.

Pay: \$23.00 - \$26.00 per hour based on experience
