DEGREE OPTIONS

A

ASSOCIATE OF SCIENCE (AS)

If you would like to complete your general education and prerequisite courses prior to transferring to a bachelor's degree program at a Utah public four-year college or university, this path is for you. This is a great option for students who want to structure their major for a specific area of study.

ASSOCIATE OF ARTS (AA)

This degree choice is much like the AS degree with the addition of a foreign language requirement.

ASSOCIATE OF PRE-ENGINEERING (APE)

This is a specialized program to prepare you for transferring seamlessly into an engineering program at a Utah public four-year college or university. You will be required to complete a significant amount of engineering coursework, while taking fewer general education courses.

ASSOCIATE OF APPLIED SCIENCE (AAS)

If you're interested in a fast track toward an entry-level career, this choice is right for you. AAS degrees require more major-specific courses with fewer general education requirements.

CERTIFICATE OF COMPLETION (CC)

This path will help you focus on a specialized field of study that quickly matches students to good-paying jobs that are in high demand in Utah.

CERTIFICATE OF PROFICIENCY (CP)

If you are already working in the field of your choice and you want an education to refine or improve your skills for a raise or promotion, this alternative may be right for you.

CERTIFICATE OF ACHIEVEMENT (CA)

If you want to jump-start your career and get prepared for an entry-level job, you should investigate your options with this track.

HANDS-ON LEARNING

SCHOOL OF APPLIED TECHNOLOGY

You've been in school most of your life, and maybe the thought of four, five or six more years of school isn't for you. The School of Applied Technology can help you start your career.

The School of Applied Technology doesn't have traditional semesters, so start times are more flexible. You may be able to move through the curriculum more quickly if you already have skills or knowledge in your area of interest through prior coursework, on-the-job training, military training or other life and work experience.

slcc.edu/satts

COMPETENCY-BASED EDUCATION (CBE)

The competency-based education model can give you college credit for life and work experience in areas like healthcare, technical support, truck driving, website design, and electronics and engine repair.

CAREER AND TECHNICAL EDUCATION (CTE)

Great-paying, hands-on jobs require specific training and knowledge. A college degree from SLCC's Career and Technical Education programs will open doors to Nursing, EMT, Automotive Technician, Film Production Technician, Geospatial Technology and Culinary Arts careers, among others.

slcc.edu/cte

APPRENTICESHIPS

On-the-job training and certification can jump-start your career as an Electrician, Plumber or Heating, Ventilation and Air Conditioning Technician.

RYAN FRYE

spent most of his 20s trying to figure out what he wanted to do with his life. When he found the SLCC Culinary Institute, he found his passion for cooking. Frye is now the executive chef at the historic Washington School House Hotel in Park City and is considering starting his own restaurant.

WORKFORCE TRAINING & CONTINUING EDUCATION

Ready to work in a career that will challenge your mind and reward you for your skills? Workforce Training & Continuing Education offers quality and affordability, with hundreds of classroom and online courses from instructors who are leaders in their fields. Many of our programs are created with Utah industry partners, making your credentials stand out in the job market.

From advanced manufacturing to web development, and dozens of options in between, we can help you accelerate your career path.

slcc.edu/continuinged

WE CAN HELP YOU:

- Build useful products from modern composites (Advanced Manufacturing)
- Make professional strides in business (Business & Management)
- Transform the energy industry (Energy Efficiency, Renewable & Automation)
- Improve healthcare experiences (Healthcare)
- Master in-demand IT skills (Information Technology/Computer)
- Focus on career and personal growth (Personal Development/ED4Life Online)
- Mold the future of the trades (Technical Training & CEUs)
- Create transportation solutions (Transportation)

BENNETT FLOYD

is a father of five and the main breadwinner in his family. He found SLCC when he needed to retool his career while continuing to work full-time, allowing him to avoid debt for another degree. In 2019, he graduated from an affordable, flexible six-month program in web design and development, expanding his long-term earning potential far beyond his previous position.

LINA NGUYEN

broke her neck in a serious car accident when she was 16, had to learn how to talk, eat and even breathe again and wondered how she would ever return to school. She felt lost for years, but after building her confidence enrolled at SLCC with the help of the Disability Resource Center and has since thrived in this new chapter in her life. She has been involved with the Thayne Center for Student Life, Leadership and Community Engagement and would like to transfer to a four-year school to major in communications with a focus on public speaking.

GET INVOLVED

JOIN A CLUB

There are over 60 clubs and organizations at SLCC. There is a club for everyone, and if you don't find one you like or are interested in, you can always start your own. Make your college experience more enriching—get involved, join a club.

TAKE AN ALTERNATIVE BREAK

Alternative Break is a national program where colleges and universities organize local and out-of-state trips for students who want to travel during their fall or spring breaks. Alternative Breaks challenge students to learn about social issues, such as poverty and homelessness, and empower them to personally make a difference through volunteering. Past participants have traveled to 12 states, including New York, Hawaii, Colorado and Washington.

TRANSFER & AP CREDIT

If you have taken courses at another institution, submit an official transcript at slcc.edu/transcriptevaluation when you apply to SLCC. Your classes will be evaluated so you receive the credit you have earned.

High school students who have AP test scores will send an official copy of the scores from the testing company. Former and concurrent enrollment students returning to SLCC will need to complete the Admissions Update form in MySLCC.

A portrait of a young Black woman with short, dark, curly hair, wearing a wide-brimmed tan hat and glasses. She is smiling broadly, showing her teeth. She is wearing a plaid shirt with a pattern of blue, red, orange, and purple. The background is a blurred outdoor setting with a blue sky and some structures. A large, dark red diagonal shape is overlaid on the left side of the image, containing the text.
