IMPORTANT NOTES ABOUT TRANSFER CREDIT

- It is the applicant's responsibility to make sure their transfer credit has been fully transferred to SLCC prior to the program's application deadlines.
- If a student has courses they are transferring from another school, their transcripts must be evaluated by the SLCC Transfer Evaluation Office and their **courses must be posted to SLCC DegreeWorks (their MySLCC account),** before the program's application deadline (priority and final application deadlines apply). IT CAN TAKE SEVERAL WEEKS FOR TRANSCRIPTS TO BE EVALUATED.
- Students should declare Health Sciences as their Area of Study and Mortuary Science as the Program of Study when applying to SLCC. If the program of study

does not match the information submitted on the transfer evaluation request, courses applicable to the program may not be transferred to SLCC.

VERIFICATION OF HIGH SCHOOL GRADUATION OR EQUIVALENT (GED)

Proof of high school graduation is required to apply. Documentation may include a transcript, diploma, or a letter of explanation if you do not have supporting documentation. **You will be required to upload this information as part of your application.**

ADMISSIONS TESTING

A Situational Judgement Test (SJT) will be required as part of the application process. The SJT is an assessment in which students respond to 30 ethical based scenarios within a one-hour time limit. Applicants must take the SJT during the open application session at any SLCC Testing Center **BEFORE** submitting their application. A non-refundable $30 testing fee will be due at the time of registration. Applications received without taking the SJT **before** submission will not be considered. Applicants will not be notified of their final score after taking the SJT and may only take the test **one** time during the open application cycle. Any additional attempts to take the SJT will not be allowed and will disqualify an application for consideration.
