

Apprenticeship Electrical Independent AAS — 63 Credits — Licensure Information

UPDATED: 07/15/2024

The [SLCC Apprenticeship Electrical Independent AAS](#) program is designed to provide classroom-related and supplemental instruction for an apprenticeship program and is designed to prepare students to apply for professional licensure through the [Utah Division of Occupational and Professional Licensing \(DOPL\)](#). SLCC neither provides on-the-job training nor acts as a sponsor for apprentices. Individuals must locate their own sponsors. To be eligible for Journeyman Electrician licensure in Utah, an apprentice must complete 576 minimum hours of related instruction and four years and 8,000 hours of on-the-job training (OJT). The SLCC Apprenticeship Electrical Independent AAS program is registered with the US Department of Labor. DOPL licensure requirements for [Journeyman Electrician are available here](#). DOPL licensure requirements for [Master Electrician are available here](#).

This document represents a good faith effort to describe licensure requirements in other states. Please recognize that there may be additional requirements for licensure not outlined in this document. Licensure and employment requirements may vary by state, agency, and organization. In addition to the requirements listed below, applicants may be asked to complete state-specific apprenticeship programs, submit criminal background checks, provide documentation of US citizenship or work authorization, pay licensure fees or other certification fees, abide by codes of conduct, or other requirements not outlined in this document. This document does not describe *city or county* licensure requirements (other than New York City). We recommend that students who are planning to move out of Utah research licensure requirements in other states.

Utah Fees (As of July 7, 2024. Fees can change at any time.)

DOPL Licensure Fee \$116.00

Each exam: \$78 each

- Utah JE Code Exam
- Utah JE Theory Exam
- Utah Electrician Practical Exam (4 modules)

If you have difficulty finding the licensure requirements for your state, please contact SLCC's [State Authorization Staff](#) for help.

States and Territories Licensure Information

This list was last updated 07/15/2024. Requirements may have changed since the last update. Please [email](#) for more information.

Alabama

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Alabama. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Alabama Electrical Contractors Board](#)

Contact: 2777 Zelda Road, Montgomery, AL 36106. Phone: 334-420-7232. Email: electrical@alstateboard.com.

Statute: [303-X-2-.02 - Qualifications for a State-Wide Journeyman Electrician's License](#).

Additional Information:

- Applicants must submit proof of US Citizenship, Residency, or work authorization.
- Applicants must demonstrate a minimum of 8,000 hours of experience that shows they have the necessary qualifications, training, and technical knowledge to install electrical wiring, apparatus or equipment, light, heat or power.

Alaska

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Alaska. Students must complete the work experience

requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Alaska Department of Labor and Workforce Development – Mechanical Inspection](#)

Contact: 1251 Muldoon Road, Suite 113, Anchorage, AK 99504. Phone: 907-269-4925. Email: mi@alaska.gov.

Statute: [8 AAC 90.164. Residential wireman certificate of fitness.](#)

Additional Information:

- [Certificate of Fitness Information and Application Form.](#)
- **Electrical Journeyman Requirements:** Alaska requires a minimum of 8,000 hours work experience subject to the National Electrical Code. A minimum of 6,000 hours must be commercial/industrial. A maximum of 2,000 hours may be residential. A maximum of 1,000 hours of trade-related classroom training and/or 1,000 hours of power lineman experience may be part of the 8,000 hours requirement.
- **Electrical Residential:** Requires a minimum of 4,000 hours of work in the trade. Up to 500 hours of trade-related classroom training can be substituted for 500 hours of the 4,000 hour requirement. This license allows the holder to act as a journeyman on residential sites only. The holder will be considered a trainee level electrician on commercial sites. No maintenance hours will be accepted.

American Samoa

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in American Samoa. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Additional Information:

- A license is required to do electrical work according to [American Samoa statutes](#).
- The statute mention that an application for licensure shall be submitted to the administrator and shall be made upon a form supplied by the administrator. More information available [here](#).

Arizona

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Arizona. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Arizona Registrar of Contractors](#)

Contact: 1700 W. Washington St. Suite 105, Phoenix, Arizona 85007-2812. Phone: 602-542-1525. Email: licensing@roc.az.gov.

Additional Information:

- [Applications and forms.](#)
- [List of Arizona’s contractor licenses and their requirements.](#)
- Arizona does not offer state-wide licensure for Journeyman Electricians. Individual municipalities or counties may have licensing requirements. Requirements vary from town to town. Statewide, Arizona offers an “Electrical Contractor” license.

Arkansas

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure Arkansas. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Arkansas Board of Electrical Examiners](#)

Contact: 900 West Capitol Avenue, Suite 400, Little Rock, AR 72201. Office: 501-682-4500. Email: asklabor@arkansas.gov

Statute: [010.13-012 - Qualification for Examination and Licensure](#)

Additional Information:

- Applicants with formal apprentice training should list this on the application. If completed, attach a copy of the completion certificate.

California

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in California. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [California Department of Industrial Relations – Electrician Certification Program](#)

Contact: 1515 Clay St., Suite 1902, Oakland, CA 94612. Phone: 510-286-3900. Email: ECUINFO@dir.ca.gov.

Statute: [§291.1. Eligibility for Certification.](#)

Additional Information:

- [Application and additional information.](#)
- Completion of an apprenticeship program **OR** 8,000 hours of on-the-job training is required. [Click here to see breakdown of required experience hours.](#)
- Apprenticeship opportunities are available depending on the county. More information about apprenticeships in California can be found [here](#).

Colorado

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure Colorado. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Colorado Electrical Board](#)

Contact: 1560 Broadway, Suite 1350, Denver, CO 80202. Phone: 303-894-7800. Email: dora_electricalboard@state.co.us

Statute: [12-115-110. License requirements - rules - continuing education. \(1\) Master electrician.](#)

Additional Information:

- [Applications and forms.](#)
- Journeyman electricians need 8,000 hours of experience earned in no less than 4 years, with 4,000 of those hours in commercial/industrial work. Applicants must also have 288 hours of classroom education.

Connecticut

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Connecticut. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Connecticut Department of Consumer Protection – Electrical License](#)

Contact: 450 Columbus Boulevard, Suite 901, Hartford, CT 06103-1840. Phone: 860-713-6000. Email: DCP.occupationalprofessional@ct.gov

Additional Information:

- Apprenticeship equivalency: out-of-state applicants must submit an apprenticeship completion letter, copies of any diplomas and degrees related to occupational license type, and proof of equivalent trade-related education authored by a professional educator qualified to offer such analysis. Submitting an official college transcript is also recommended.
- Work experience: out-of-state applicants must submit notarized statements from employers detailing dates and duties of employment, totaling 8,000 hours.

Delaware

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Delaware. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Delaware Board of Electrical Examiners](#)

Contact: 861 Silver Lake Blvd., Suite 203, Dover, DE 19904. Phone: 302-744-4500. Email: customerservice.dpr@delaware.gov

Statute: [§ 1408. Qualifications of applicant.](#)

Additional Information:

- [Licensure requirements.](#)
- Applicants must submit a copy of their Certification of Completion of Apprenticeship.
- Journeyman. At least 8,000 hours of full-time experience performing electrical work under the supervision of a licensed master electrician. Must submit a [Verification of Employment form.](#)
- Residential Electrician. 4,000 hours of full-time experience under the supervision of a licensed master electrician. Pass the residential exam. Must submit a [Verification of Employment form.](#)

District of Columbia

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in the District of Columbia. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [DC Board of Industrial Trades](#)

Contact: 1100 4th Street, SW, Suite 500, Washington, DC 20024. Phone: 202-442-4320. Email: dcra@dc.gov.

Statute: [218 ELECTRICIAN'S LICENSE.](#)

Additional Information:

- A combination of work and education experience is considered to establish eligibility for licensure as an electrician. More information can be found in the [electrician eligibility requirements.](#)

Florida

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Florida. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Florida Department of Business & Professional Regulation – Electrical Contractors](#)

Contact: 2601 Blair Stone Road, Tallahassee, FL 32399-0791. Phone: 850-487-1395.

Additional Information:

- Florida does not offer state-wide licensure for Journeyman Electricians. Individual municipalities or counties may have licensing requirements. Requirements vary from town to town. Statewide, Florida offers an “Electrical Contractor” license.

Georgia

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Georgia. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Georgia State Board of Electrical Contractors](#)

Contact: 214 State Capitol, Atlanta, Georgia 30334. Phone: 404-656-2881.

Additional Information:

- Georgia does not offer statewide licensure for Journeyman Electricians Individual municipalities or counties may have licensing requirements. Requirements vary from town to town. Statewide, Georgia offers an “Electrical Contractor” license.

Guam

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Guam. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Guam Contractors License Board](#)

Contact: 542 North Marine Corp Drive A, Tamuning, Guam 96913. Phone: 671-649-2211.

Additional Information:

- C13 (Electrical) Classification. Applicants must have four years or more experience in this field. Applicants are interviewed and approved by the Guam Contractors License Investigator. Applicants are then scheduled to complete the exam.
- Additional contact information: 671 649-9676 or email Ms .Margaret Guerrero at margaret.guerrero@clb.guam.gov

Hawaii

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Hawaii. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Hawaii Professional & Vocational Licensing Division – Board of Electricians and Plumbers](#)

Contact: PO Box 3469, Honolulu, HI 96801. Phone: 808-586-2704. Email: elect_plumb@dcca.hawaii.gov

Statutes: [§448E-5 - Minimum requirements.](#)

Additional Information:

- [Application and license requirements.](#)
- Journey Worker Electrician. 5 years but not less than 10,000 hours in residential or commercial wiring **and** satisfactory completion, accepted by a University of Hawaii Community College offering an appropriate program of study, of 240 hours of electrical academic coursework. Hawaii DCCA includes SLCC as an “Approved Electrician Academic Coursework Required by HRS 448E-5 Minimum Requirements (b)” program for electrical journeyman. More information available [here](#).

Idaho

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure. Students may be able to complete an Apprenticeship in Idaho to work towards licensure.

Board: [Idaho Division of Building Safety – Electrical Program](#)

Contact: 1090 E. Watertower St, Suite 150, Meridian, ID 83642. Phone: 208-334-3950. Email: customer.service@dbs.idaho.gov.

Statute: [54-1007. ISSUANCE OF LICENSES — RECIPROCITY.](#)

Additional Information:

- [Applications and forms.](#)
- SLCC is not an Idaho approved education provider. Idaho may require applicants submit an official transcript for a course review. Idaho may the waive in-state apprenticeship requirement.

Illinois

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Illinois. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board:

Contact:

Additional Information:

- Illinois does not offer statewide licensure for Journeyman Electricians. Individual municipalities may have licensing requirements. Requirements vary from town to town.

Indiana

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Indiana. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board:

Contact:

Additional Information:

- Indiana does not offer statewide licensure for Journeyman Electricians. Individual municipalities may have licensing requirements. Requirements vary from town to town.

Iowa

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Iowa. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Iowa Electrical Examining Board](#)

Contact: 215 East 7th Street, Des Moines, IA 50319. Phone: 515-725-6147. Email: elecinfo@dps.state.ia.us

Statute: [103.12 Class A journeyman electrician license qualifications — class B journeyman electrician license.](#)

Additional Information:

- Journeyman Electrician—Class A. This license requires completing an apprenticeship registered with the Bureau of Apprenticeship and Training with the US Department of Labor. Applicants will also be required to complete an examination.

Kansas

Statute: [12-1526. Rules and regulations relating to examination and licensure; certificate of competency; uniform fee required; where licenses valid; continuing education; field experience.](#)

Additional Information:

- Kansas does not offer statewide licensure for Journeyman Electricians. Individual municipalities and counties have licensing requirements. State statute requires municipalities to conduct a licensure exam, with a pass rate of 75%. Requirements vary from town to town.

Kentucky

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Kentucky. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Kentucky Department of Housing, Buildings, and Construction – Electrical Division](#)

Contact: 500 Mero Street, Frankfort, KY 40601. Phone: 502-573-1797. Email: elec@ky.gov

Statute: [KRS 227A.060\(2\) - Qualifications for licensure -- Provisional license.](#)

Additional Information:

- [Applications and forms.](#)
- [New Application Checklist.](#)
- Applicants must pass the Journeyman’s Electrical Exam with PROV or Pearson Vue. 4 years of work experience and 576 classroom hours is required.

Louisiana

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Louisiana. Students must complete the work experience requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Louisiana State Licensing Board for Contractors](#)

Contact: 600 North Street, Baton Rouge, LA 70802. Phone: 225-765-2301.

Additional Information:

- Louisiana does not offer statewide licensure for Journeyman Electricians. Individual municipalities may have licensing requirements. Requirements vary from town to town.

Maine

Determination: The SLCC Apprenticeship Electrical Independent AAS program meets the educational requirements for licensure in Maine. Students must complete the work experience

requirements that exceed what is offered through the SLCC Apprenticeship Electrical Independent program.

Board: [Maine Professional & Financial Regulation – Electricians’ Examining Board](#)
