

Nursing Program—Licensure Information

UPDATED: 4/29/2024

The SLCC [Nursing AAS](#) program is accredited by the [Accreditation Commission for Education in Nursing, Inc. \(ACEN\)](#) and the [Utah State Board of Nursing \(UBON\)](#). SLCC is accredited by the [Northwest Commission on Colleges and Universities \(NWCCU\)](#). The SLCC Nursing program enables students to apply for and take the [National Council Licensure Examination NCLEX-RN](#).

It is highly recommended that students consult in advance with the [Utah Division of Occupational and Professional Licensing \(DOPL\)](#), or similar agencies in other states, to find out more about eligibility for licensure. DOPL can be reached at 801-530-6628 or at their [website](#). Information about Nursing requirements in Utah are available [here](#).

Multistate License

The [Nurse Licensure Compact \(NLC\)](#) allows licensed nurses who reside in a state that participates in the NLC to have a multistate license to practice in other NLC states, without having to obtain additional individual state licenses. A map of participating states is available at [this website](#). This factsheet lists the [Uniform Licensure Requirements for a Multistate License](#).

State Licensure Information

In order to earn initial licensure in other states, students must satisfy individual state requirements, independent of SLCC graduation requirements. Individual states may require additional coursework or other requirements before licensure is granted.

Licensure Fees (Verified 4/29/2024—fees can change at any time.)

Registered Nurse DOPL Licensure Fee	\$90
NCLEX exam fee and proctoring fee*	\$200
(*fees paid through Pearson VUE)	

This document represents a good-faith effort to share requirements for licensure in other states. Please recognize that there may be additional requirements for licensure not outlined in this document. In addition to the requirements listed below, applicants may be asked to submit fingerprinting and criminal record background checks, answer questions about past criminal convictions, submit a [NURSYS verification](#), pay licensure fees or other certification fees, submit a Social Security number, abide by codes of conduct, or meet additional requirements not outlined in this document.

If you have difficulty finding the licensure requirements for your state, please contact your academic advisor or SLCC's [state authorization staff](#) for help.

States and Territories	Does the Nursing AAS program meet education requirements for licensure?
	This list was last updated 4/29/2024. Requirements may have changed since the last update. Please email for more information.
