Date of initial accreditation: 11/94

Current accreditation status: Accreditation

Next visit: Spring 2029

Five-year history: Accreditation 9/20/2018

Degree conferred: Associate of Applied Science

General Program Description

The Physical Therapist Assistant program consists of 3.5 semesters of Physical Therapist Assistant technical coursework and labs. General education prerequisite course work plus one PTA courses are completed prior to beginning the technical portion of the program. The curriculum is student-centered, integrating technology and e-Education. Students participate in an on-site physical therapy pro bono clinic as part of their curriculum.

Clinical Experiences

Theoretical and clinical experiences in tandem enhance the relation of theory to practice. Clinical experience is provided in a variety of settings, including hospitals, care centers, private practice, rehabilitation agencies, and schools. Clinical experiences are one full-time for 6 weeks in the summer term with two full-time 6 week internships in the final fall semester.

Faculty

There are three full-time and four part-time/adjunct faculty members. The full-time faculty members are physical therapists. The faculty to student ratio is 1:24 in lecture courses and 1:12 in labs.

Enrollment

Total enrollment at the college is over 30,000. The physical therapist assistant program admits 24 students each fall.

Admission

Applicants are admitted through a selection process. Salt Lake Community College (SLCC) is a community college that accepts transfer students on an equal basis with in-state residents. Minimum requirements for consideration are as follows: transcript of all previous college work, including Introduction to Writing, Intermediate Algebra, Human Anatomy, Human Growth and Development through the Lifespan, Introduction to Physical Therapy, and Practice Issues for the Physical Therapist Assistant; matriculation as an SLCC student; completed HESI test; and a well-written essay. An application packet is available on the program website: www.slcc.edu/ptassistant. Physical therapy coursework totals 54 semester hours and is completed sequentially in 3.5 semesters by December of the second year. Three full-time faculty and adjunct faculty members instruct the coursework of approximately 13-20 credit hours per semester. 50-60% of qualified applicants are admitted to the program (5-year average).

Outcomes

100% of admitted students graduate from the program (3-year average); 100% of students responding to surveys are employed (3-year average); licensure is required to practice as a Physical Therapist Assistant in the state of Utah; 98% of the program graduates who took the national exam passed (3-year average).

Tuition, fees and financial aid

The anticipated cost of tuition and fees for the program is approximately \$13,000 for in-state students and \$32,000 for out-of-state students. A number of federal, state, and private sources of assistance are available to eligible students who demonstrate financial need. Some scholarships and waivers based on merit and achievement are also available. For further information, please contact the Financial Aid Office at (801) 957-4663.

Student Life

The Physical Therapist Assistant Program is located on the Jordan Campus. Rental housing is available within driving or public transportation distance. A wide variety of social, academic, and professional organizations are available, including an active Student Physical Therapist Assistant Club. Students are encouraged to be involved in the Utah Physical Therapy Association, with conference attendance partially funded by this professional association. The close proximity of the Rocky Mountains allows year-round recreational activities, such as skiing and hiking. Salt Lake City offers a variety of art forms and sporting events.

Attention Program Directors: Corrections to program data should be entered on the CAPTE Accreditation Portal. Any questions should be directed to the Accreditation Department at Accreditation@apta.org or 1-800-999-2782 x3245.
