Mass Communication Center Practicum Hours

The Mass Communication program at SLCC is designed to provide students with quality instruction paired with supervised practical application (practicum) of theory to lead to career advancing opportunities. If you are taking more than one course that requires practicum in the same semester you may choose to designate one course as your primary course and any other courses as secondary courses. You must complete the full amount of required practicum for a primary course and half the amount of required for any secondary courses. You must get permission from your instructors to designate their courses as such by getting their signatures below.
