Employers Placing Job Orders	2009/2010 838	2010/2011 965	2011/2012 1,141	+18.2%

Programming or Service Highlights

- On Campus Student Employment continues to increase in popularity for students and SLCC departments. The goals of persistence, student learning, and student engagement continue to be accomplished.
- SECES successfully hosted a fall and spring "Job Fair". Due to space constraints SECES is only able to accommodate 43 employers for spring and 43 employers for the fall job fair. Turnout for each job fair was estimated to be over 500 students and community members.
- SECES is participating in developing the new "Comprehensive Career Services" initiative to develop a pathway for student access and success.

Assessment Highlights:

- SECES had an overall increase in each of the dashboard indicators. The increases reflect student employment needs and SECES efforts to connect students to employers.
- SECES initiated OCSE supervisor survey is in its second year. The survey clearly demonstrates student learning and student acquisition of job skills competencies.
