### Programming or Service Highlights:

- On Campus Student Employment seems to have leveled out as there were several positions which were posted that were not filled due to lack of student interest. The goals of persistence, student learning, and student engagement continue to be accomplished.
- CSES successfully collaborated with Career and Academic Advising to host a fall Career Exploration and Job Fair with over 600 documented student and community members in attendance.

### Assessment Highlights:

- CSES assessment of student critical thinking in developing and implementing a Professional Online Presence utilizing a Career ePortfolio graphically demonstrates the development of critical thinking promoted by CSES workshops on employment.
- Dash board indicators reflect the improving state economy. The increases in job orders and employers listing employment opportunities are key indicators
