

Presentation Number:
Category:

Directions: For each skill area, clearly **mark the box** that best describes the participant/s accomplishments. Use the **Outstanding** column when considering for honorable mention. **NA** is not applicable.

		Not addressed	Partially accomplished	Accomplished	Outstanding
Background / Introduction	1) Purpose or problem to solve - Main point and motivation clearly stated				
	N A	Unclear; few details	Partially clear; details missing	Clear; detailed	Yes
	2) Literature Search/Alternative Designs/Previous Scientific Publications – Introduction to the question and methods indicated and explored prior to the project				
	N A	Minimal study; no analysis	Minimal study; some analysis	Sufficient study and analysis	Yes
3) Project Classification (Prototype, Experiment, Mathematical Method, Engineering Analysis) – Explanation for the Selection of modality of the project					
N A	No explanation	Incomplete explanation	Detailed explanation	Yes	

Comments

		Not addressed	Partially accomplished	Accomplished	Outstanding
Project	4) Achieved purpose or solves problem – Question answered and audience better informed after presentation				
	N A	Difficult to understand	Some parts are confusing	understandable	Yes
	5) Design Process/Scientific method Applied – Participant approached problem in systematic and intentional way				
	N A	No strategy applied	Unclear approach and explanation	Clear approach and explanation	Yes
6) Creativity – New idea or known knowledge applied in a creative way					
N A	Uncreative/standard	Some creativity/novelty	Creative/novel	Yes	

Comments

		Not addressed	Partially accomplished	Accomplished	Outstanding
Presentation	7) Effective communication and adequate description of project - Main point and impact				
	N A	Unclear	Partially clear	Clear	Yes
	8) Data/results – Organization and results supporting purpose of project				
	N A	Unorganized; unsupportive	Partially organized/supportive	Organized/supportive	Yes
	9) Conclusion/discussion – Scope and limit of project				
N A	Unaware	Partial; needed probing	Adequate	Yes	
10) Referenced work – Appropriate citations included → Yes <input type="checkbox"/> No <input type="checkbox"/>
