Foreign Credential Evaluation Services

SLCC Transfer Evaluation Office is currently unable to do the initial translation and evaluation of academic records for students who were not educated in the United States.

In order for students to get credit for courses taken from other colleges or universities outside the United States, a foreign transcript evaluation must be completed. Contact one of the agencies below to determine procedures and fees required. For evaluation, the agency’s comprehensive report will be accepted by SLCC at face value for credit. If credit is recommended by the agency, it will be accepted and added to your SLCC transcript as transfer credit if it is applicable to your area of study at SLCC.

Students who have completed an equivalency to a Bachelor’s degree, or higher, may want to first contact a four-year college or university to see if they will accept your entire degree. On occasion, the four-year college or university may offer recommendations for courses that may be taken at SLCC to transfer back to their institution.

**PLEASE NOTE:** Students with an equivalency to a Bachelor's degree, or higher, are not eligible for Federal Financial Aid Pell Grants.

---

**All transcripts must be translated into English, must include a comprehensive report or course-by-course analysis & must be sent to us in a sealed envelope by a Foreign Evaluation Service that is a member of NACES® National Association of Credential Evaluation Services.**

SLCC accepts WES evaluations via their e-mail option.

---

If you have previously attended a regionally accredited college or university in the U.S., and the institution completed an evaluation on your foreign transcript, SLCC will accept their evaluation if it can be sent to us as part of your official transcript from that institution.
