Common Editing Concerns at SLCC
The SLCC Style Guide provides common editing guidelines based upon the Associated Press (AP) style guide. The chart below offers the most common editing concerns in their AP format, along with the SLCC Style Guide exceptions.

The entire Online AP Style Guide and SLCC Custom Stylebook are available to SLCC employees and students.* Access is available on an SLCC campus, or through All Access.

This guide is for use in workplace and public writing, not academic writing. Academic disciplines have their own style guides (e.g. MLA, APA, and IEEE) that should be followed by students and faculty when writing academic documents.

(*AP Online access has been made possible by the SLCC Library.)

This is considered a living document and will be updated as changes are made. (Vers. 2017-03-29)

Contact the SLCC Writing Across the College program with any questions/concerns at wac@slcc.edu or (801) 957-3232.

### Prefixes and hyphens

Generally, do not hyphenate when using a prefix with a word starting with a consonant. Hyphenate if the prefix ends in a vowel and the base word begins in the same vowel, *re-enter*, (except for *cooperate* and *coordinate*).

Use hyphen if base word is capitalized.

Follows AP.

### Semi-colon

Indicate a greater separation of thought and information than a comma can convey but less than the separation a period implies.

Separate elements of a series when the items are long or when individual elements contain material that also must be set off by commas: *The College has students from Salt Lake City, Utah; Boise, Idaho; and Las Vegas, Nevada.*

Follows AP.

</tr>
<tr>
<td></td>

</table>

### Composition titles

Use quotation marks to surround the following types of media titles: books, poems, lectures, speeches, works of art, computer games, movies, operas, plays, albums, songs, radio and television programs.

Do not put quotes around Bible and reference books, catalogs, almanacs, directories, dictionaries, encyclopedias, etc.
